

Satisfaction Survey

The following questions help the care team understand how you feel about the medical care that you receive. It allows us to evaluate how we are doing and makes changes as needed. The survey will take 5 minutes for you to complete. Your input is very valuable to us and we encourage everyone to complete.

Directions: On the following pages are some things that people say about medical care. Please read each one carefully, keeping in mind the medical care that you are receiving now. (If you have not received care recently, think about what you would expect if you needed care today.) We are interested in your feelings, good and bad, about the medical care that we have provided to you.

Please circle one.
